HORTICULTURAL SPECIALISTS

Create • Enhance • Maintain

## *Expertise in horticultural solutions*

The Gibbons Gardening team is creative, committed and consistent. Our team members have a passion for gardens and for business.

# Project management

The maintenance of grounds will depend on individual requirements and will be agreed after a comprehensive visit from our Project Manager.

Whether it be daily, weekly, fortnightly or on a more infrequent basis, we will actively manage your account ensuring you are provided with worry free grounds, that will exceed your expectations.

Our team of expert gardeners will ensure your landscape continually looks at it's best and we will regularly review each contract to ensure you are completely satisfied with our services.

## *Our clients and Goals*

Gibbons Gardening was first established over 25 years ago and in that time has built up a wealth of knowledge, RHS qualifications and a deservedly admirable reputation with our client base including theatres, hotels, offices, recording studios, hospitals, colleges and private estates spanning the South of England.

Our commitment to all our clients and our business is based upon our following goals:

- To achieve ongoing profitable growth
- To commit to a 'Customer First' philosophy
- To maximise the potential of all our staff

- To ensure comprehensive compliance with all relevant Health and Safety and other relevant legislation
- To actively participate in the community
- To commit to a policy of sound environmental practice

We expect integrity and honesty from our staff to all our customers and a caring approach to the environment to be at the heart of our business.

# Welcome

Gibbons Gardening are horticultural and grounds maintenance specialists operating throughout the South West of England. We are specifically conceived for both commercial and private sectors.

We provide intelligent solutions for all the challenges of exterior grounds maintenance and landscaping for every size of site.

In a world where first impressions are everything, we at Gibbons Gardening recognize that your property is an important investment and that appropriate maintenance of your landscaped environment will not only enhance its appearance but also its value.

# Our Services

We focus on understanding and identifying your exact grounds maintenance requirements, working closely with facilities managers, estate managers and surveyors to ensure your landscaped environment leaves a lasting impression to your visitors.
